HOUSEKEEPING QUICK RECAP

Right product · right cloth · right order

Scan · code **999**

THE 5-STEP LOOP

1 Assign	2 Clean	3 Check	4 Report	5 Release
Know your rooms	Set order	Supervisor inspects	Every fault	Clean & Ready

COLOUR-CODED CLOTHS

RED / PINK	Toilets and WCs only — never anywhere else
ORANGE	Bathrooms: basins, bathtubs, tiles and shower screens
BLUE	Wet cleaning of mirrors, with the glass spray
GREEN	Buffing mirrors dry to remove smudges and residue
YELLOW	Dusting bedroom surfaces and furniture
TEA TOWEL	Clean, designated tea towels only — for washing and drying tea and coffee cups

OUR PRODUCTS

Bathroom & floor	Ecolab Diesin Max
Mirrors & glass	Ecolab Pro Glass · Sysco Glass and Surface
Toilets only	Ecolab / Sysco Toilet Cleaner
Mould	Ecolab Mould Ex · Topclin
Limescale, tarnish	Descaler
Cups	Fairy Liquid + tea towel
Air freshener	Ecolab Pro White Cotton · Sysco Keystone
Bleach	Brakes — only when told

⚠ NEVER MIX CHEMICALS

Bleach, Mould Ex and Topclin must never meet a toilet cleaner or the descaler. One product at a time — rinse in between. Strong smell or dizzy? Leave, close the door, tell your supervisor.

HYGIENE AND LINEN

- Guest towels, pillowcases and linen are **never** cleaning cloths.
- Change gloves and wash hands between tasks — always after the toilet.
- Clean linen **never** on the floor. Dropped? Laundry, and use a fresh one.
- Clean and dirty linen kept apart.
- Replace used or heavily soiled cloths.

EVERY ROOM, EVERY TIME

- Top to bottom, dry to wet. Toilet last, vacuum last.
- Gloves always; eye protection for mould remover, bleach, descaler.
- Close and secure every chemical and storage cupboard door.
- Report faults **before** the room is released.
- Follow the procedure, not habits. See it wrong? Speak up and tell your supervisor.

Online course: Housekeeping standards — COSHH, hygiene and room cleaning · 25 minutes · every year · brandon.hospro.co.uk/housekeeping · staff code 999
